DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1~4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 addresses an organosilicon compound which has average compositional formula, the two repeating units use fraction number $\frac{1}{2}$ and $\frac{3}{2}$ to represent the structure making the invention indefinite to visualize the embodiment.

As to dependent claims 2~4, they are rejected hence.
